ANNUAL GENERAL MEETING	
Day, Date & Time	Wednesday 29th September, 2022, 12:00 P.M.

OVERVIEW

India is the world's second-largest telecommunications market. The total subscriber base, wireless subscriptions as well as wired broadband subscriptions have grown consistently. Tele-density stood at 85.91%, as of December 2021, total broadband subscriptions grew to 792.1 million until December 2021 and total subscriber base stood at 1.2 billion in March 2022.

Over the next five years, rise in mobile-phone penetration and decline in data costs will add 500 million new internet users in India, creating opportunities for new businesses. Mobile data consumption has grown steadily. However, 2022-23 is going to be defining moment for telecom sector as 5G arrives in. It is expected that there will be \$50 billion capex investment for 5G to upgrade and expand their networks over the next five years to roll out 5G services in India.

India's digital economy is expected to witness an exponential growth of \$800 billion by 2030 on the back of rising internet penetration after pandemic accelerating the digital first approach across all verticals, Indian telecom sector is set to undergo massive disruption on the heels of the 5G revolution. The year 2022 has been the turnstile for digital adoption in the country. As 5G Rollout is expected to start in Q3 2022, With this life going digitally at every touch point, future transition would be equally aggressive on making digital as seamless as possible. Telecom and ICT of course, will play the directive.

Executive summary

2. RISING PENETRATION RATE

- Telecom penetration, also known as tele-density, has grown rapidly over the last few years.
- Tele-density increased from 18.23% in FY16 to 88.17% in FY21.
- In December 2021, tele-density stood at 85.91%.

3. SECOND-HIGHEST NUMBER OF INTERNET USERS

- India has the second-highest number of internet subscribers globally.
- The total number of internet subscribers reached 788.77 million in April 2022.

1. SECOND-LARGEST SUBSCRIBER BASE

- India has the second-largest telecom network in the world.
- In India, the total subscriber base stood at 1167.82 million in April 2022.

4. HIGHER INVESTMENT FROM FOREIGN PLAYERS

- In January 2022, Google made a US\$ 1 billion investment in Airtel through the India Digitization Fund.
- Similarly, other global vendors such as Samsung, Cisco, Ciena, Jabil, Foxconn, Sanmina and Flex have shown interest to set up manufacturing in India for telecom and networking products under the newly announced PLI scheme.
- FDI inflow in the telecom sector stood at US\$ 38.33 billion between April 2000-March 2022.

KEY HIGHLIGHTS OF BUDGET 2022 FOR TELECOM INDUSTRY

The government has released the Union Budget 2022. Under the budget, the government has confirmed that they will auction 5G spectrum in 2022 followed by commercial rollout of 5G mobile services in 2023 coupled with fiberisation of all villages by 2025. These steps are expected to propel the usage of telecom services, benefit various sectors, enable job opportunities, and will be integral in realising the \$1 trillion digital economy.

Meanwhile, according to budget documents, the government expects around 27 per cent year-on-year fall in revenue from the telecom sector at Rs 528.06 billion in FY'23 against Rs 719.59 billion earned in the current fiscal year till March 31, 2022.

- The auction of 5G spectrum in 2022 followed by commercial rollout of 5G mobile services in 2023 coupled with fiberisation of all villages by 2025.
- Data centres have been given infrastructure status. The infrastructure status to the data centre industry will help companies in availing easier credit and managing resources as the industry seeks to expand outside top cloud regions.
- Further, under the Union budget 2022-23 the government has announced a fund infusion of Rs 447.2 billion into BSNL during the next financial year.
- Concessions in customs duty will be given to certain consumer electronic devices to promote manufacturing across wearables, hearables and specific mobile phone components.
- The government will likely allocate around Rs 40 billion for a production linked incentive (PLI) scheme to encourage 5G design-led manufacturing.
- 5 per cent of the Universal Services Obligation Fund (USOF) would be allocated for research and development (R&D), commercialisation of new technologies and ensuring connectivity to rural areas. The government also plans to boost fibre penetration via the Bharat Net national broadband venture.
- The government will also launch a design-led Production Linked Incentive (PLI) scheme for 5G equipment, besides completing the laying of optical fibre in villages by 2025 under the public-private-partnership (PPP) model.

Market Size

India is the world's second-largest telecommunications market. The total subscriber base, wireless subscriptions as well as wired broadband subscriptions have grown consistently. Tele-density stood at 85.91%, as of December 2021, total broadband subscriptions grew to 792.1 million until December 2021 and total subscriber base stood at 1.18 billion in December 2021.

Gross revenue of the telecom sector stood at Rs. 64,801 crore (US\$ 8.74 billion) in the first quarter of FY22.

Telecom Sector Gross Revenue (US\$ billion)

The total wireless data usage in India grew 16.54% quarterly to reach 32,397 PB in the first quarter of FY22. The contribution of 3G and 4G data usage to the total volume of wireless data usage was 1.78% and 97.74%, respectively, in the third quarter of FY21. Share of 2G data usage stood at 0.48% in the same quarter.

Over the next five years, rise in mobile-phone penetration and decline in data costs will add 500 million new internet users in India, creating opportunities for new businesses.

By 2025, India will need 22 million skilled workers in 5G-centric technologies such as Internet of Things (IoT), Artificial Intelligence (AI), robotics and cloud computing

Wireless subscriptions witness robust growth over the years

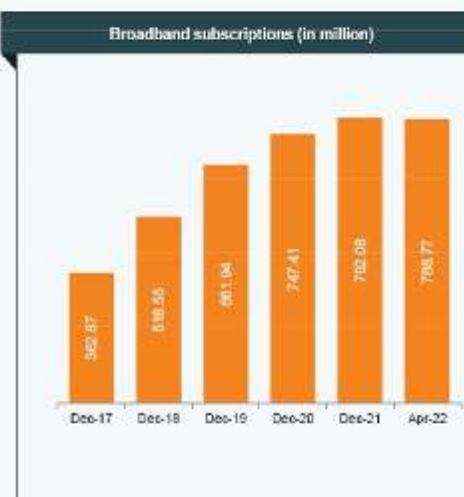

- Wireless subscription has grown robustly over the past few years.
- The growth in wireless subscriptions has led to a significant rise in wireless tele-density.
- In FY22, wireless subscriptions stood at 1,180.96 million, and wireless tele-density reached 86.68%.
- As of April 2022, the wireless subscriber base of Jio stood at 411.31, followed by Bharti Airtel (215.28 million) and Vodafone Idea (122.08 million).

Strong growth in broadband drives internet access revenues

- Total broadband subscriptions in the country grew from 149.75 million in FY16 to 788.77 million in FY23*.
- The number of wired broadband subscriptions stood at 27.83 million in FY23*.
- Wireless broadband subscribers stood at 759.83 million in FY23*.
- As of April 2022, the top three service providers (Reliance Jio Infocomm Ltd., Bharti Airtel, and Vodafone Idea) contributed 98.49% to the total broadband subscriber base.

Number of internet subscribers increasing at a fast pace

- In July-September 2021 India's Internet subscribers is 834.29 million of which 24.47 million were wired subscribers and 809.82 million were wireless internet subscribers.
- The number of internet subscribers in the country increased at a 13.32% CAGR from 391.5 million in 2016 to 829.3 million in 2022.
- The number of internet subscribers in the country is expected to reach 900 million by 2025.
- India is likely to have 330 million 5G subscribers by 2026.
- India is expected to have ~37-40 million smartphone users (handsets supporting 5G technology) by end-2021.
- Overall IP traffic is expected to grow four-fold at a CAGR of 30% by 2021.
- Average wireless data usage per wireless data subscriber was 14.6 GB per month in FY21 and is expected to reach to 40 GB by 2026.

Exponential growth in data consumption

- India holds the distinction of being the largest consumer of mobile data globally.
- Data consumption in the country has witnessed exponential growth over the course of the past few years.
- The total wireless data usage in India grew at a rate of 6.5% from 25,227 in September 2020 to 34,568 in September 2021.
- The contribution of 2G, 3G and 4G data usage to the total volume of wireless data usage was at 0.439%, 1.52% and 98.03%.

KEY TRENDS IN INDIAN TELECOM INDUSTRY

Robust Demand:

- In India, the total subscriber base stood at 1178.41 million in December 2021.
- Tele-density of rural subscribers reached 44.40% in December 2021. From around 4,200 petabytes in 2018, India's overall wireless internet data usage has increased by almost 7x to 32,397 petabytes in 2021.

Attractive Opportunities:

- India's 5G subscriptions to have 350 million by 2026, accounting for 27% of all mobile subscriptions.
- For domestic consumption and export, Ericsson will start manufacturing 5G radio products in India.
- By 2025, India will need 22 million skilled workers in 5G-centric technologies such as Internet of Things (IoT), Artificial Intelligence (AI), robotics and cloud computing.

Policy Support:

The Union Cabinet approved Rs. 12,195 crore (US\$ 1.65 billion) production-linked incentive (PLI) scheme for telecom & networking products under the Department of Telecom. On October 14, 2021, 31 companies comprising 16 MSMEs and 15 Non-MSMEs (eight domestic and seven global companies) have been approved under the Production-linked Incentive (PLI) Scheme. To drive the development of 6G technology, the Department of Telecommunications (DoT) has developed a sixth generation (6G) innovation group.

Investment/Major Development

With daily increasing subscriber base, there have been a lot of investment and development in the sector. FDI inflow in the telecom sector stood at US\$ 38.25 billion between April 2000-December 2021.:

Some of the developments in the recent past are:

- In January 2022, Google made a US\$ 1 billion investment in Airtel through the India Digitization Fund.
- In October 2021, Vodafone Idea stated that it is in advanced talks to sell a minority stake to global private equity investors including Apollo Global Management and Carlyle to raise up to Rs. 7,540 crore (US\$ 1 billion) over the next 2-3 months.

- In October 2021, British satellite operator Inmarsat Holdings Ltd. announced that it is the first foreign operator to get India's approval to sell high-speed broadband to planes and shipping vessels. Inmarsat will access the market via Bharat Sanchar Nigam Ltd. (BSNL) after BSNL received a license from the Department of Telecommunications.
- In October 2021, Dixon Technologies announced plans to invest Rs. 200 crore (US\$ 26.69 million) under the telecom PLI scheme; this investment will include the acquisition cost of Bharti Group's manufacturing unit.
- In September 2021, Bharti Airtel announced an investment of Rs. 50 billion (US\$ 673 million) in expanding its data centre business to meet the customer demand in and around India.
- In August 2021, Tata Group company Nelco announced that the company is in talks with Canadian firm Telesat to sign a commercial pact for launching fast satellite broadband services in India under the latter's Lightspeed brand, a move which will pit the combined entity against Bharti Enterprises-backed OneWeb, Elon Musk's SpaceX and Amazon.
- In March 2021, Vodafone Idea Ltd. (VIL) announced that the acquired spectrum in five circles would help improve 4G coverage and bandwidth, allowing it to offer 'superior digital experience' to customers.
- In March 2021, Advanced Television Systems Committee (ATSC) and Telecommunications Standards Development Society, India (TSDSI) signed a deal to boost adoption of ATSC standards in India in order to make broadcast services available on mobile devices. This allows the TSDSI to follow ATSC standards, fostering global digital broadcasting standard harmonisation.
- In the first quarter of FY21, customer spending on telecom services increased 16.6% y-o-y, with over three-fourths spent on data services. This spike in consumer spending came despite of the COVID-19 disruption and lack of access of offline recharges for a few weeks.

Government Initiatives

The Government has fast-tracked reforms in the telecom sector and continues to be proactive in providing room for growth for telecom companies. Some of the key initiatives taken by the Government are as follows:

1. In Union Budget 2022-23 the Department of Telecommunications was allocated Rs. 84,587 crore (US\$ 11.11 billion) out of which Rs. 30,436 crore (US\$ 3.99 billion) was revenue expenditure which was 36% of the total expenditure and Rs. 54,150 crore (US\$ 7.11 billion) was capital expenditure which is 64.01% of total expenditure.
2. To drive the development of 6G technology, the Department of Telecommunications (DoT) has developed a sixth generation (6G) innovation group.
3. In August 2021, the Department of Telecommunications (DoT) officials stated that it is working on a package, which includes reducing the revenue share license fee to 6% of adjusted gross revenue (AGR) of the operators from the current 8%. This would be done by reducing the 5% universal service obligation levy by two percentage points.
4. The Rs. 12,195 crore (US\$ 1.65 billion) production-linked incentive (PLI) scheme or telecom is expected to bring in investment of around Rs. 3,000 crore (US\$ 400.08 million) and generate huge direct and indirect employment.
5. In April 2021, the government pointed out that firms such as Ericsson and Nokia are now eager to expand their operations in India, and global companies like Samsung, Cisco, Ciena and Foxconn have expressed interest to set up their manufacturing base in the country for telecom and networking products.
6. Under Union Budget 2021-22, the government allocated Rs. 14,200 crore (US\$ 1.9 billion) for telecom infrastructure that entails completion of optical fibre cable-based network for Defence services, rolling out broadband in 2.2 lakh panchayats and improving mobile services in the North East.
7. On January 6, 2021, the Department of Telecommunications (DoT) issued Notice Inviting Applications (NIA) for auction of Spectrum in 700 MHz, 800 MHz, 900 MHz, 1,800 MHz, 2,100 MHz, 2,300 MHz and 2,500 MHz bands. Last date for submission of applications for participation in the auction is February 5, 2021, and auction to commence online from March.
8. FDI cap in the telecom sector has been increased to 100% from 74%; out of 100%. In October 2021, the government notified 100% foreign direct investment (FDI) via the automatic route from previous 49% in the telecommunications sector. FDI of up to 100% is permitted for infrastructure providers offering dark fibre, electronic mail and voice mail.

EV Charging Stations

Electrical Mobility is going to play key role in Indian economy by 2025 the key focal point of the industry is Electrical Vehicle Revolution, the electric market of EV in India is emerging on account of increased government policies supporting battery-powered vehicles, the growing awareness toward the environment, increasing petrol prices, and stringent emission norms. Total EV charging stations in India increased by 285% y-o-y in FY22; robust government initiatives likely to further the expansion to ~4 lac by FY25.

Electric Vehicle Charging Station Market Size & Forecast:

E-Surveillance projects

India's Electronic Security & Surveillance Market was valued at USD 1.32 billion in 2021 and is expected to reach USD 4.90 billion by 2027, at a CAGR of 24.37% over the forecast period. Electronic security systems are made of electronic devices and embedded technology to develop safety measures to protect physical assets and individuals, which are helpful in various fields to deny unauthorized access. It facilitates security operations such as surveillance, access control, alarming, or intrusion control.

UTSL AT A GLANCE:

We are providing solutions to help the Telecom service providers, Network operators, System Integrators and ICT Solution Provider companies to maximize the value of technology investments and deliver the highest service levels to their customers. In our constant Endeavour to develop our business in the Telecom-IT market, we are continuously pushing the boundaries to provide enhanced value to our Telecom-IT projects. Since the inception of the company, we have managed to build an excellent track record by exceeding the expectations of our clients.

UTSL takes great pride in providing our clients with the best-in-class experience and access to Information and telecommunication Technology Services & solutions through rapid execution of projects. All employees in our Company look at the workplace as their second home. This is why you can look forward to an -enthusiastic and stress-free career growth with us.

In last few years Uniinfo has started offering its wide range of services outside India. We are operating in Thailand through our subsidiary Company Uniinfo Telecom Services (Thailand) Ltd. and starting working in Sri Lanka through our new subsidiary Uniinfo Telecom Services (Private) Limited, Sri Lanka and also incorporated our Subsidiary Company in Qatar in the name of Uniinfo Technologies QFZ LLC leading ahead for global expansion.

OUR SERVICES:

➤ In Building Wireless Solutions

TIBS and DAS Solutions are used to extend and distribute the network signals within a large complex's like stadiums, airports, Metro station and high rise buildings where mobile phones are unable to properly reach the telecom operator's macro or outdoor network. In this environment the in-building cellular enhancement system connects to the network's signal source which is typically a small cell antenna, his signal source transmits (and receives) the network operator's licensed radio frequency. This frequency is then transported within the building using In-building coverage antennas/ small cells which are strategically placed to provide the best overall coverage for users.

We provide end-to-end services for In-Building Solutions right from site survey to layout designing to installation of small cell/ antenna, routing of RF/power/grounding/fiber cable to Transmission connectivity, integration and testing. Uniinfo is the leading in-building networking services Provider Company in India for providing IBS, DAS, WI-FI, WI-MAX having carried out hundreds of Projects just for Reliance JIO (Leading telecom operator in India).

➤ Wireless Network Survey and Planning

To Design wireless 4G-LTE, 5G-NR Wireless network need to defined feasibility before Installation through Network Survey and planning, this is very crucial for designing any of wireless technology networks.

Network Service Provider Companies need to keep on maximizing the value of existing network resources for increasing coverage and capacity for 4G-LTE. Today's Network Technology requires forward & advanced planning as provisioning for future innovative 5G-NR technologies needs to be made for network enhancement.

Our wide experience in Radio Access Network technologies like GSM, UMTS, LTE, LTE-A enables us to perform network survey and planning services for 5G-NR With Activities like RF, MRO, LOS, RFI & EMF Survey. Uniinfo is among the top players in the wireless network Survey and planning market and has successfully completed nearly a million sites.

➤ Corporate Training

Uniinfo is involved in delivering technical training solutions across various locations throughout the world. In the last decade, we have worked closely with major telecom Vendors and Operators to develop the competence of their teams in existing and future communication technologies. Uniinfo provides Classroom as well as online learning services and training. We have certified Trainers available for customization basis on enterprise learning needs. Our technology knowledge transfers empower organizations to yield the intended business outcome which is driving every project.

➤ Enterprise Networking Services

Enterprise network consists of network Systems (bridges, routers, switches, firewalls), virtual networks systems and IP protocols that serve the dual purpose of connecting all users and systems on a Virtual LAN, WAN to applications in the data center and cloud Servers as well as facilitating access to network data and analytics.

Uniinfo provides comprehensive Network services & solutions thereby supporting clients to implement and optimize their Enterprise Network. Some specific areas where Uniinfo provides its expertise/services are.

Routing and switching Services

All of the communications between servers, desktops, laptops, printers are being done through the network. With front-running Routing and Switching technologies, we utilize established, industry-leading tools to design and create networking and IT infrastructure that will help maximize productivity and reduce operational costs.

SD-WAN Implementation & optimization

SD-WAN is a virtual software-defined Wide Area Network architecture that allows enterprises to leverage any combination of transport services (MPLS, LTE and broadband internet services) to securely connect users to various applications. There are various techniques for increasing data transfer efficiency across wide area networks (WAN). Uniinfo can help you to determine the best technology for your network services.

➤ **Core Network & Stack Protocol Testing**

Network Core System Protocol and UE Stack testing are used to check if the hardware/software is functioning as required and adhering to set protocols/standards. In Telecom terms it involves testing of the hardware/software of the Core network & UE to check if they are working as per the communication protocol defined under 3GPP standards and completing network cycle.

The goal of this testing process is to inspect and check the parameters of signals if the packets, frames are transmitted and received under protocol specification and 3GPP release.

We offer an extensive suite of protocol testing services and intensive testing solutions to ensure the quality of your products. We will help close the gaps in the product performance and help you gain a competitive advantage. Our experts have extensive knowledge and deep understanding of wireless protocols in UE/RAN/Core.

Year	Key Milestones
2010	Incorporation of our Company in the name style of "Uniinfo Telecom Services Private Limited" Started Operations in Telecommunication Network Feasibility Survey.
2013	Started Telecom Network Implementation, commissioning and network optimization projects with Telecom network Service providers.
2014	Started delivering E 2 E activities on Wireless network Technologies and became preferred partner for our clients; Expansion of business from West to East, South to North in India.
2015	Business engagements with all major OEM and started projects for Telecom Operators on 4G-LTE Technology.
2016	Strengthen footprints Pan India basis, started Managed services for Clients.
2017	Awarded with collaboration and development prize in Huawei Global Engineering Partner Convention at China.
2018	<p>1. Conversion of our company from private limited company to public limited company pursuant to which the name of our Company was changed to Uniinfo Telecom Services Limited.</p> <p>2. Listing of the Company on NSE- SME Emerge Platform on 15th March 2018.</p>
2019	Incorporation of our new Subsidiary Company in Thailand for enhancing customer base. Started Operations with American Tower Company, Tech Mahindra for International projects.
2020	Successful completion of Projects with Nokia in Thailand also started Working with leading telecom Operator DTAC (a Telenor Group Company) & incorporated our new Subsidiary Company in Sri-Lanka for the growth of the Business in South Asia Market.
2021	Seeking a good Business Opportunity Company has Incorporated our new Subsidiary Company in Qatar for the growth of Business & enhancing customer base.
2022	Migration of Company from Emerge Platform of National Stock Exchange of India Limited (NSE SME-Emerge Platform) to the Capital Market Segment (Main Board) of National Stock Exchange of India Limited.

CHAIRMAN'S MESSAGE

Greetings!

I hope you are keeping well and enjoying every day to its fullest.

As we review the last fiscal year, there is no denying the challenges we have faced but we have proved to be resilient. Our team continued to serve our customers with excellence. We are in the midst of an exciting transformation. Leveraging on our core strengths of Pan India Execution capabilities, defined processes and Skilled manpower; we have ventured into Electric Vehicle (EV) charging stations and Electronic surveillance(E-surveillance) projects.

I am sharing with you the annual report for the financial year ending 31st March, 2022. The consolidated fiscal 2021-22 results are detailed in this Annual Report. Our revenue from Indian operations is Rs. 39.9 Crores and we incurred a loss of Rs. 1.27 Crores. Our operations were again hit by the pandemic; while we became profitable in H2 but the extent of damage in H1 could not be mitigated thereby leading to losses.

Last fiscal saw substantial delays in roll out of various services by telecom operators thereby hampering progress of telecom sector. 5G Rollout is expected to start in Q2 2022, we are expecting that this will create opportunities to select projects with better viability.

A robust public charging infrastructure can go a long way in the fast-tracking EV adaptation in India. Total EV charging stations in India increased by 285% y-o-y in FY22 which is only around 17000 stations. Major public and private investment is likely to further the expansion to 4 lacs by FY25. It is estimated that the total number of electric vehicles on Indian roads is likely to touch 4 crores by the end of this decade, presenting an enormous

opportunity for players in the charging ecosystem. We are well placed to gain good share of this emerging market and expect substantial business from second half of FY23.

India's E-Surveillance Market is expected to grow at a CAGR of 24.37% over next 5 years. Various sectors like Infrastructure, Banking, Educational institutions, Airports, Railway stations etc. are adopting video surveillance systems with central control rooms equipped with high-end large video wall solutions to monitor minute details. With our expertise to execute projects at multiple sites and various geographies simultaneously, we have already become preferred system integrator of a highly reputed E-surveillance customer.

I take this opportunity to extend my sincere appreciation to shareholders, team members, clients, business associates, bankers and auditors for their contributions to the Company. I would also like to thank my fellow directors for their guidance and support.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on Monday, 26th September, 2022 at 9.00 a.m. and ends on Wednesday 28th September, 2022 at 5.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22nd September, 2022, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Explanatory Statement Pursuant to Section 102 of the Companies Act, 2013

Item No. 3: The Board of Directors at their meeting held on 29th December, 2017 had appointed Mr. Kishore Kumar Bhuradia (DIN: 03257728) as Chairman and Managing Director of the Company for a term of 5 years which is going to be expired on 29th December, 2022. Mr. Kishore Kumar Bhuradia has been associated with our Company since incorporation. He is a techno-commercial entrepreneur and has rich experience and exposure of trade, business and industry of over 38 years. It would be in the interest of the Company to continue to avail of his considerable expertise as Chairman and Managing Director. The Nomination and Remuneration Committee of the Board of Directors has also approved his reappointment for next term of 5 years w.e.f. 29th December, 2022.

Further as required under regulation 17(6)(e)(i) & (ii) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 read with applicable provisions of the Companies Act, 2013 and as per the recommendation of Nomination and Remuneration Committee and the Board of Directors of the Company, the consent of the members are also required to be accorded to the continuation of payment of remuneration as per existing terms and conditions during the Term of Re-Appointment i.e. up to 28th December, 2027 to Mr. Kishore Kumar Bhuradia, as Chairman and Managing Director (DIN: 03257728), notwithstanding that his annual remuneration may exceeds 2.5% of the net profit and Rs. 5.00 Cr. which is higher or aggregate Annual remuneration of the all Executive Directors exceeds 5.00% of the Net profits of the company calculated as per the provision of Section 198 of the Companies Act, 2013.

In view of above, the Board of Directors recommends the reappointment of Mr. Kishore Kumar Bhuradia, as Chairman and Managing Director for approval of the members of the Company and pass the Special Resolution as set out at item no. 3 of the Notice.

Item No. 4: The Board of Directors at their meeting held on 29th December, 2017 had appointed Mr. Pranay Kumar Parwal (DIN:03257731) as Whole time Director of the Company for a term of 5 years which is going to be expired on 29th December, 2022. Mr. Pranay Kumar Parwal has been associated with our Company since incorporation. He has around 21 years of experience in training personnel in information technology involving networking, hardware and software usage. It would be in the interest of the Company to continue to avail of his considerable expertise as a Whole time Director. The Nomination and Remuneration Committee of the Board of Directors has also approved his reappointment for next term of 5 years w.e.f. 29th December, 2022 and ending on 28th December, 2027.

Further as required under regulation 17(6)(e)(i) & (ii) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 read with applicable provisions of the Companies Act, 2013 and as per the recommendation of Nomination and Remuneration Committee and the Board of Directors of the Company, the consent of the members are also required to be accorded to the continuation of payment of remuneration as per existing terms and conditions during the Term Re-Appointment i.e. up to 28th December, 2027 to Mr. Pranay Kumar Parwal, Wholetime Director (DIN: 03257728), notwithstanding that his annual remuneration exceeds 2.5% of the net profit and Rs. 5.00 Cr. which is higher or aggregate Annual remuneration of the all Executive Directors exceeds 5.00% of the Net profits of the company calculated as per the provision of Section 198 of the Companies Act, 2013.

In view of above, the Board of Directors recommends the reappointment of Mr. Pranay Kumar Parwal, Wholetime Director (DIN: 03257728) for approval of the members of the Company and pass the Special Resolution as set out at item no. 4 of the Notice.

Item No. 5: The Board of Directors at their meeting held on 29th December, 2017 had appointed Mr. Anil Kumar Jain (DIN:00370633) as a Whole Time Director of the Company for a term of 5 years which is going to be expired on 29th December, 2022. Mr. Anil Kumar Jain has been associated with our Company since 2016. He has experience of more than 30 years in the manufacturing industry. As a Whole-time Director of our Company, he is currently responsible for managing the financial matters, administration and logistics of our Company. Also, he was appointed as Chief Financial Officer of the Company on June, 2020, it would be in the interest of the Company to continue to avail of his considerable expertise as a Wholetime Director. The Nomination and Remuneration Committee of the Board of Directors has also approved his reappointment for next term of 5 years w.e.f. 29th December, 2022.

Further as required under regulation 17(6)(e)(i) & (ii) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 read with applicable provisions of the Companies Act, 2013 and as per the recommendation of Nomination and Remuneration Committee and the Board of Directors of the Company, the consent of the members are also required to be accorded to the continuation of payment of remuneration as per existing terms and conditions during the Term Re-Appointment i.e. up to 28th December, 2027 to Mr. Anil Kumar Jain, Wholetime Director

(DIN: 03257728) , notwithstanding that his annual remuneration exceeds 2.5% of the net profit and Rs. 5.00 Cr. which is higher or aggregate Annual remuneration of the all Executive Directors exceeds 5.00% of the Net profits of the company calculated as per the provision of Section 198 of the Companies Act, 2013.

In view of above, the Board of Directors recommends the reappointment of Mr. Anil Kumar Jain (DIN:00370633) as a Whole Time Director for approval of the members of the Company and pass the Special Resolution as set out at item no. 5 of the Notice.

Item No. 6: The Members at the General Meeting held on January 08, 2018 had appointed Mr. Prakash Chandra Chhajed (DIN: 08037849), as an Independent Director to hold office for a term of 5 years. Accordingly, the tenure of Mr. Prakash Chandra Chhajed as an Independent Director, is expiring on December 28, 2022. The Board has considered that, in view of need to continue avail the advantage of his well-off experience, and knowledge, it is in the interest of the Company to re-appoint him for a second term of 5 years. The Nomination and Remuneration Committee has recommended his re-appointment. Also, the company has received consent from Mr. Prakash Chandra Chhajed to act as director in the prescribed form DIR-2 under section 152 (5) of the act and rule 8 of the Companies (Appointment and qualification of directors) rules 2014 along with the declaration on criteria of the independence as per section 149(6) of the Act and listing regulations.

In terms of provisions of section 149(10) of the Companies Act, 2013, reappointment of an independent director shall be made by shareholder by passing special resolution. Further listing regulation SEBI (LODR) Regulations, 2015, requires that a person who has attained the age of 75 Years can be appointed or continued (as the case may be) as Non-executive Director, if share holder approve the appointment as special resolution. Hence after taking into account the performance during his first term of five years and considering the knowledge, acumen, expertise and experience in respective fields and the substantial contribution made by Mr. Prakash Chandra Chhajed during his tenure as an Independent Non-Executive Director, since his appointment, it is recommended by the Board to appoint Mr. Prakash Chandra Chhajed as a Non-executive independent Director for a term of 5 years which is going to be expired on 28th December, 2027 by passing a special resolution, even if he is going to attain the age of 75 years on 8th July, 2024, subject to all necessary compliances as applicable.

None of the other Directors/Key Managerial Personnel (KMP) of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item no. 6 of the notice. The Board of Directors recommends the Special Resolution as set out at item no. 6 of the Notice for approval by the shareholders.

Item No. 7: The Members at the General Meeting held on January 08, 2018 appointed Mrs. Sudha Rathi as an Independent Director to hold office for a term of 5 years. Accordingly, the tenure of Mrs. Sudha Rathi as an Independent Director, is expiring on December 28, 2022 and to take advantage of her knowledge and understanding, it is in the interest of the company to re-appoint her for a second term of 5 years. The Nomination and Remuneration Committee has recommended her re-appointment. Also, the company has received consent from Mrs. Sudha Rathi to act as director in the prescribed form DIR-2 under section 152 (5) of the act and rule 8 of the companies (Appointment and qualification of directors) rules 2014 along with the declaration on criteria of the independence as per section 149(6) of the Act and listing regulations.

In terms of provisions of section 149(10) of the Companies Act, 2013, an independent director shall hold office for a term up to five consecutive years on the Board of a Company, but shall be eligible for reappointment on passing of a special resolution by the Shareholders of the Company. After taking into account the performance during his first term of five years and considering the knowledge and experience in respective fields and the contribution made by Mrs. Sudha Rathi during her first tenure as an Independent Director since her appointment, the board has recommended her reappointment to the members of the Company, for approval by passing special resolution placed at item no. 7.

None of the other Directors/Key Managerial Personnel (KMP) of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at item no. 7 of the notice. The Board of Directors recommends the Special Resolution as set out at item no. 7 of the Notice for approval by the shareholders.

FUTURE PROSPECTS

Telecom has been globally recognized as backbone of all present and future advancements. As the Company deals in Telecom support services, the system integration capabilities which have been built over decade can be easily utilized for geographic expansion as well as expansion in fast growing sectors like E-surveillance and Electric Charging stations.

IMPACT OF COVID-19

The COVID-19 pandemic continued to be a global challenge creating disruption across the world. While the global economy showed early signs of recovery in the beginning of 2021, the repeated waves of COVID infection overwhelmed the Country's health infrastructure.

The second wave of Covid was very harsh for all of us because of the trauma and hardships experienced by most of the population. The lockdown situation in the Country during first quarter of the financial year under review led to rise in inflation as well as lead to loss of momentum in economic activity and thereby severely impacting business operations.

During the second Covid-19 wave, the company allowed employees to work from home and took all required measures to ensure their safety.

DIVIDEND

The Board of Director to conserve the resources of the Company and maintain the liquidity has decided not to be declaring dividend on Equity Shares for the year ended 31st March 2022.

TRANSFER TO RESERVES

During the year, the Company does not propose to transfer any amount to any Reserves.

ADOPTION OF INDIAN ACCOUNTING STANDARDS (IND-AS)

The Company has adopted Indian Accounting Standards (IND-AS) as required pursuant to migration of the securities of the Company from the NSE Emerge (SME Platform) to the Main Board of National Stock Exchange of India Limited and prepared the financial statements for the year ended 31st March, 2022 in accordance with Ind AS for the first time. The financial statements for the year ended 31st March, 2021 have been restated/reclassified in accordance with Ind AS for comparative information. The objective of adopting Ind AS is to ensure that an entity's first Ind AS financial statements, and its interim financial results for part of the period covered by those financial statements, contain high quality information that:

- a) is transparent for investors and comparable over all periods presented;
- b) provides a suitable starting point for accounting in accordance with Indian Accounting Standards (Ind-AS); and
- c) can be generated at a cost that does not exceed the benefits.

ECONOMIC OVERVIEW

The Indian telecom market has seen an exponential growth in subscribers and wireless data volumes in last few years driven by affordable tariffs, newer technologies providing faster services, ever-expanding network coverage and capacity, ecosystem enhancement from handsets to content along with apps and use cases for data, overall economic development and digitization initiatives across private and public sector, regulatory developments, etc.

With the continued migration from 2G/3G to 4G, introduction of 5G, launch of low cost 4G smartphones, the wireless growth trends are expected to continue in the future. Another segment that is expected to come in the limelight is fixed broadband through fixed wireless access (FWA) and FTTx, as digital services such as e-commerce, e-payments, online education and entertainment continue to grow in the country. 5G spectrum auctions likely in 3.3-3.6 GHz band expected in the near future and potentially mm Wave band could further boost FWA as a cost-effective broadband alternative.

INDIAN TELECOM INFRASTRUCTURE INDUSTRY OVERVIEW

The infrastructure industry continues to support the requirements from TSPs as more sites are needed to keep up with the 4G data demand. As the country evolves towards 5G, IoT, enhanced fiberization in the coming years, the next investment cycle will warrant infrastructure players to play a greater role that goes beyond passive infra sharing.

ABOUT UNIINFO TELECOM SERVICES LIMITED

UTSL works on various solutions to assist the telecom service providers, network operators and OEM'S to maximize the value of technology investments and deliver the highest service levels to their customers. In our constant Endeavour to develop our business in the Telecom market, we are continuously pushing the boundaries to provide enhanced value to our telecom projects. Since the inception of the company in 2010, we have managed to build an excellent track record by exceeding the expectations of our clients. Our track record is testimony to our capabilities of adapting to new technologies and its speedy deployment in India / Overseas.

OPPORTUNITIES AND THREATS

Opportunities

Continued densification opportunity driven by 4G: Since its launch in 2014-15, 4G data volumes have continued to rise year after year driven by a combination of more users and higher average consumption per user. The year 2020, witnessed 4G payload increase by another 40% YoY (Source: Nokia MBit 2021). We believe this growth will lead to continued densification of networks in the country, especially as consumption moves more to video content including live video streaming which requires more capacity and lower latency. Also, with introduction of low cost 4G smartphones, migration from 2G/3G is likely to further intensify 4G traffic growth which could add a further boost to the overall demand in the coming years.

Next Generation Technologies: One of the three missions of the National Digital Communications Policy (NDCP) 2018, was to propel India by enabling next generation technologies and services through investments, innovation and IPR generation. It includes creating a roadmap for emerging technologies and its use in the communications sector, such as 5G, Artificial Intelligence, Robotics, Internet of Things, Cloud Computing and M2M. With the Government focus on these and impending 5G auctions, we believe the coming years present a wide range of opportunities for businesses to provide future ready products/services and create use cases that we believe, will require high throughput and an ultra-reliable low latency network, which will ride on robust digital communications infrastructure, facilitated by companies like ours.

Threats

Financial Health of Operators: In the last few years, intense price competition, regulatory payouts including the dues following the SC AGR Judgement, spectrum related payments, etc. have affected the financial health of operators. Our largest customers, HUAWEI, Nokia and Reliance are raising or have raised substantial amounts to strengthen their balance sheets. However, since our business and growth prospects mainly depend on demand from these providers in India, any deterioration in their financial health due to increased competition leading to loss of market share and/or deterioration of cash flows, inability to raise further funds, adverse regulatory regime, general economic conditions, policy changes etc. can affect their ability to pay for infrastructure services, which in turn could adversely affect UTSL revenues, cash flows and overall financial condition.

Increase in Competitive Intensity: As a B2B company, we see limited price elasticity i.e. increase in demand due to price cuts as we believe co-location demand is not interchangeable. Operators typically demand a certain location based on their radio planning and specific latitude/longitude requirements. However, one cannot rule out increase in competitive intensity especially as newly formed tower companies may seek to enhance market share/revenues and TSP consolidation has led to many tower companies witnessing sharp drop in co-locations leading to material financial impact for such companies. Additionally, TSPs have witnessed pressures on their financial health in the last few years driven by heightened competitive intensity, regulatory payouts, etc. Thus, their ability to pay prevailing rates for use of passive infrastructure may also decline over time.

Pricing risk due to renewals: Any unfavourable terms such as lower pricing upon renewal of leasing agreements with customers are a risk to the Company, this could adversely impact the financial health of the Company.

RISKS & CONCERNS

Uniinfo telecom Services Limited believes that risk management and internal control are fundamental to effective corporate governance and development of a sustainable business. The Company has a robust process to identify key risks across its operations and prioritize relevant action plans that can mitigate these risks. Key risks that may impact the Company's business include:

Emerging risks due to unforeseen disruptions: 2020-21 saw a major global event in the form of COVID-19 outbreak, which is affecting global economies, companies financially and operationally apart from affecting the human capital in an unprecedented manner. Such unforeseen disruptions can disrupt supply chains, productivity, etc. and risk overall financial health and capital of the Company.

Changes in Regulatory Environment & Natural Disasters Damaging Telecom Networks: Despite huge improvements, the regulatory environment in India continues to be challenging. Regulatory developments will have significant implications on the future of telephony as well as India's global competitiveness. Any adverse regulatory changes, changes in taxation and policies may affect the profitability outlook of the Company.

The Company's telecom networks are subject to risks from natural disasters or other external factors. The Company maintains insurance for its assets, equal to the replacement value of its existing telecommunications network, which provides cover for damage caused by fire and special perils. Such failures and natural disasters even when covered by insurance may cause disruption, though temporary, to the Company's operations.

ANNEXURE IV

REPORT ON CORPORATE GOVERNANCE

As the members are aware the securities (Equity Shares) of the Company are migrated from SME Platform of National Stock Exchange of India Limited (NSE) name NSE EMERGE to main Board of National Stock Exchange of India Limited w.e.f. 12th January, 2022, (Scrip Code - UNIINFO). Therefore, provision related to Corporate Governance provided in the SEBI (Listing Obligations and Disclosure Requirement) Regulation, 2015. (SEBI LODR Regulations/Listing Regulations), are applicable to the Company consequent to such Migration.

Transparency & Accountability are the two basic tenets of Corporate Governance. The core of Corporate Governance is based upon, inter-alia; the objective of maximizing the wealth of all the stakeholders of the Company by making optimum utilization of resources at its disposal and fulfilling its obligation towards Corporate Responsibility and contributing to Nation Building to the best of its might. It also advocates the principles of transparency to be followed by the Company in all its decisions and actions; apart from furnishing full disclosures to the Board, its Shareholders and other Stakeholder. The above principles have been the guiding force for whatever we do and shall continue to be so in the years to come. The Company is committed to adhere to high standards of the Corporate Governance Code in worst and spirit. It is also constantly taking review of systems and procedures to keep pace with changing Corporate Environment.

INTRODUCTION

Governance and Leadership are the Yin and Yang of the successful organization but for an effective approach one need to maintain balance between the two. Corporate Governance refers to the mechanism, process and relation by which corporations are controlled and directed. It essentially involves balancing the interests of the Company's Stakeholder, such as Shareholders, Senior Management Executives, Customers, Suppliers, Financiers, the Government, and the Community. -Since Corporate Governance also provides the framework for attaining a company's objectives, it encompasses practically every sphere of management, from action plans and internal controls to performance measurement and corporate disclosure.

The Report on compliance with the principles of Corporate Governance as prescribed by Securities and Exchange Board of India in Chapter IV read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

The Company's philosophy on Corporate Governance envisages attainment of high level of transparency, accountability and integrity in all its facts.

The Uniinfo telecom Services Limited (UTSL) Corporate Governance is a reflection of our value system encompassing our culture, policies and relationships with our stakeholders. Effective corporate governance practices constitute the strong foundation on which successful commercial enterprises are built to last. Integrity and transparency are key to our Corporate Governance practices and performance, and we ensure that we gain and retain the trust of stakeholders at all times. Our guiding principles and practices are summarized in this Corporate Governance Report. These are articulated through the Company's Code of Conduct, charters of various committees of the Board and Company's disclosure policies. These policies seek to focus on enhancement of long-term stakeholders' value without compromising on Ethical Standards and Corporate Social Responsibilities. We consider stakeholders as partners in our journey forward and we are committed to ensure their wellbeing, despite business challenges and economic volatilities.

We consider it our inherent responsibility to protect the rights of our shareholders and disclose timely, adequate and accurate information regarding our financials and performance, other material events as well as the leadership and governance of the Company.

The Board of Directors of the Company ('Board') is at the core of our Corporate Governance practice and oversees and ensures that the management serves and protects the long-term interests of all our stakeholders.

We believe in adopting the well accepted Corporate Governance practices, benchmark the same to the best governed companies and strive to improve them continuously. Our Corporate Governance philosophy and practices are based on the following principles:

- Well-experienced and diverse Board of Directors;
- Adoption of transparent procedures and practices and arriving at decision on the strength of adequate information;
- Ensuring compliance with regulatory and fiduciary requirements in letter and spirit;
- High level of disclosures for dissemination of corporate, financial and operational information to all its stakeholders;
- Formation of various committees like Audit Committee; Nomination and Remuneration Committee; Stakeholders' Relationship Committee and Corporate Social Responsibility Committee to oversee specific areas and focus on diverse matters;
- Ensuring complete and timely disclosure of relevant operational information to enable the Board to play an effective role in guiding strategy;

- Meeting of Independent Directors without the presence of any Non-Independent Directors or representative of Management to identify areas where they need more clarity or information and put them before the Board;
- Regularly reviewing and establishing effective meeting practices that encourage active participation and contribution of all the Board members;
- Well defined corporate structure that establishes checks and balances and delegates decision making to appropriate levels in the organization, though the Board remains in effective control of the affairs of the Company at all times;
- Providing the Board members an unrestricted access to all Company-related information.

INDORE MP 452001 IN

Dear Sir(s)/Madam,

I have examined the compliance of the conditions of Corporate Governance by **UNIINFO TELECOM SERVICES LIMITED** ('the Company') for the year ended on March 31, 2022, as stipulated under Regulations 17 to 27, clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the management of the Company. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in Listing Regulations.

My examination was limited to the review of procedures and implementation thereof, as adopted by the Company for ensuring compliance with conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanations given to me, and the representations made by the Directors and the Management, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of the Listing Regulations during the year ended March 31, 2022.

I further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

**TO,
THE MEMBERS OF UNIINFO TELECOM SERVICES LIMITED
Report on the Audit of the Standalone Financial Statements**

Opinion

We have audited the accompanying standalone financial statements of **Uniinfo Telecom Services Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as a 'Standalone Financial Statements')

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its Loss, total comprehensive Loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Companies Act, 2013 (the "Act"). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current financial year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

The Key Audit matters

Accuracy of Revenues Recognition and estimation of Work-in-progress in respect of onerous obligation on service contracts involves significant judgment:

The company is engaged in rendering Contractual technical services relating to Network optimisation, Network planning, drive test, survey services etc. to OEM's and Telecom operators. Such contractual services are complex to determine revenues and liability for onerous obligation. The recognition of Revenue and the estimation of the outcome of service contracts require significant management judgment, in particular with respect to estimation the cost to complete and the amount of variation orders to be recognized.

At the year end a significant amount of Work in progress (Contract assets and Liabilities) related to these contracts is recognized on the balance sheet date.

We identified the Work-in-progress estimation under various contracts as a Key Audit Matter because of the significant judgment involved in estimating the Work-in-Progress of such contracts.

This estimate has high inherent uncertainties and requires consideration of progress of the contract, efforts incurred to date and estimates of efforts required to complete the remaining contract performance and obligations over the lives of the contract.

This required high degree of Auditor Judgment in evaluating the audit evidence supporting the application of the input method used to recognize the revenue and higher extent of audit effort to evaluate the reasonableness of the total estimated amount of revenue recognized on such contracts.

Refer Notes 2.06 and 2.1 to the standalone Financial Statements.

How our Audit Addressed the Key Audit Matter:

Our audit approach was a combination of test of internal controls and substantive procedures which included the following:

- Evaluated the design of internal controls relating to recording of efforts incurred and estimation of efforts required to complete the performance obligations.
- Tested the controls that the company has put in place over its process to record service contract costs and contract revenues and the calculation of the stage of completion.
- Selected a sample of service contracts and through inspection of evidence of performance of these controls, tested the operating effectiveness of the internal controls relating to efforts incurred and estimated.
- Assessed the appropriateness of Work-in progress (Contract assets) on balance sheet by evaluating the underlying documentation to identify possible delays in achieving milestones which may require change in estimated costs to complete the remaining performance obligations

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (the "Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit above we report, to the extent applicable that:
 - a. We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Loss, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended. In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to Us
- I. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - II. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts, including derivative contracts;
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - IV.
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c. Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement; and
 - V. The Company has not declared or paid any dividend during the year.

Re: Uniinfo Telecom Services Limited.

- (i) (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
- (B) The Company has maintained proper records showing full particulars of Intangible Assets.
- (b) The company has a regular program of physical verification of its fixed assets. All the fixed assets have been physically verified by the management during the year in a phased periodical manner, which in our opinion is reasonable having regard to the size of the company and nature on its assets. No material discrepancies were noticed on such physical verification.
- (c) According to the information and explanations provided to us and on the basis of our examination, of the records of the company, There are no any Immovable properties are held by the company as at reporting date ,therefore provisions of act are not applicable and hence clause 3 (i) (c) of the order is not applicable to the Company and hence not commented upon by us.
- (d) As informed and explained to us, the management has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.
- (e) According to the information and explanations given to us no proceedings have been initiated or are pending against the company holding any benami property under the Benami Property Transactions Act, 1988 (previously known as Benami Transactions (Prohibition) Act, 1988) and rules made thereunder.
- (ii) (a) In respect of the Inventories in the form of 'Work in Progress under Service contract' and having regard to the nature of Inventory, the same has been physically verified during the year by way of Site visits and certification to the extent of work completion by competent persons . No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) . As informed and explained to us by the management, the company has been sanctioned working capital limits in excess of 5 Crores rupees, in aggregate, from ICICI bank. On the basis of our verification of relevant records, the quarterly returns or statements filed by company with the ICICI bank are in agreement with the books of account of the Company.
- (iii). (a) According to the information and explanations given to us, the Company has made investments in and has been granted Unsecured loans, to its wholly owned Subsidiary Company in the nature of Loan, details are as follows:-

Sr. No	Name of the Loanee	Loan given During the Financial year (In Lakhs)	Outstanding Balance at The year end (In Lakhs)
1	Uniinfo Telecom Services Thailand Ltd	175.43	*196.17

*The amounts reported are at gross amounts (including interest accrued),The Company has not provided any advances in the nature of loans to any other entity during the year.

- (b) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the terms and conditions on which loans have been granted by the company during the year aggregating to Rs. 175.43 (In Lakhs) and balance outstanding as at Balance sheet date Rs. 196.17 (In Lakhs) are prejudicial to the interest of the company because of the fact that the loans have been given at an interest rate from the month April 2021 to Nov 2021 at 10% per annum and subsequently at an interest rate of 2.5% per annum which is significantly lower than the cost of funds to the company and also lower than the prevailing yield of government security close to the tenor of the loan which is prejudicial to the company's interest the loan is granted for business purpose to the wholly owned subsidiary of the company.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation.
- (d) According to the information and explanations and based on our audit procedures, there is no overdue amount remains outstanding as at the year -end.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Uniinfo Telecom Services Limited (the "Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company and its joint operations company incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing ("SA"s) prescribed under Section 143(10) of the Companies Act, 2013 (the "Act"), to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us , the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

2.01	<p>Basis of Preparation and Presentation</p> <p>First Time Adoption of INDAS</p> <p>The standalone financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:-</p> <p>a Certain financial assets and liabilities (including derivative instruments) and</p> <p>b Defined benefit plans - plan assets</p> <p>The financial statements of the Company have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013. Upto the year ended 31st March 2019, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP), which include Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP". These financial statements are the Company's first Ind AS standalone financial statements. Company's financial statements are presented in Indian Rupees (INR), which is also its functional currency.</p> <p>Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Parent Company has applied the following exemptions:</p> <p>Deemed cost of Property, Plant and Equipment, Intangible Assets and Investment Property:</p> <p>Ind AS 101 allows a first time adopter to continue with the previous GAAP carrying value for all its Property, Plant and Equipment, Intangible Assets and Investment Property as recognised in its previous GAAP financials on the date of transition. Accordingly, the Parent Company has opted for this exemption and decided to carry its PPE,Intangible assets and Investment Property at Carrying value as per Indian GAAP on the date of transition i.e. 1 April, 2019.</p>
2.02	<p>Use of estimates</p> <p>The preparation of the financial statements in conformity with IND AS requires the management to make judgments, estimates and assumptions that attend the accounting policies, reported balances of assets and liabilities (including contingent liabilities) and the reported amounts of income and expenses during the period of financial statement. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialize. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.</p>
2.03	<p>Cash and cash equivalents</p> <p>Cash comprises cash on hand, demand deposits with banks, Mutual Funds. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.</p>

2.04	<p>Financial instruments</p> <p>A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.</p> <p>(i) Financial assets</p> <p>(i) Initial recognition and measurement</p> <p>All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss are adjusted to the fair value on initial recognition. Purchase and sale of financial asset are recognised using trade date accounting i.e. the date that the Company commits to purchase or sell the asset.</p> <p>(ii) Subsequent measurement</p> <p>(a) Financial Assets carried at amortised cost (AC)</p> <p>A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect the contractual cash flows and the contractual terms of the financial asset give rise on the specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.</p> <p>After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category applies to Trade and other receivables, Security deposits, Other advance, Loan and advances to related parties, Unbilled Income, Interest Receivable etc.</p> <p>(b) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)</p> <p>A financial asset is subsequently measured at Fair Value through other Comprehensive Income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.</p> <p>The Company does not have any financial assets which are fair valued through Other Comprehensive Income (FVTOCI).</p> <p>(c) Financial Assets at Fair Value through profit or loss (FVTPL)</p> <p>A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss</p> <p>(iii) Equity investments</p> <p>All equity investments other than investment in Subsidiaries and Associates are measured at fair value, with value changes recognised in Statement of Profit and loss except for those equity investments for which the Company has elected to present the value changes in 'other comprehensive income</p> <p>The Company does not have any equity investments which are fair value through Other Comprehensive Income (FVTOCI)</p> <p>The Company makes such election on an instrument by-instrument basis. The classification is made on initial recognition and is irrevocable.</p> <p>(iv) Derecognition</p> <p>A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:</p> <p>The rights to receive cash flows from the asset have expired, or</p> <p>The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset</p> <p>(v) Impairment of financial assets</p> <p>The Company assesses impairment based on expected credit loss (ECL) model to the following</p> <p>Financial assets at amortised cost</p>

UNIINFO TELECOM SERVICES LIMITED
Notes forming part of the financial statements

Note	Particulars
	<p>Financial assets measured at fair value through Profit or Loss Account</p> <p>The Company follows simplified approach for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risks. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.</p> <p>The Company uses historical cost experience to determine the impairment loss allowance on the portfolio of trade receivables. At every reporting date, the historically observed default rates are updated and changes in the forward looking estimates are analysed</p> <p>For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL</p>
B	<p>Financial liabilities</p> <p>(i) Initial recognition and measurement</p> <p>Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.</p> <p>All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.</p> <p>The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.</p> <p>(ii) Subsequent measurement</p> <p>The measurement of financial liabilities depends on their classification, as described below:</p> <p>(a) Financial liabilities at fair value through profit or loss</p> <p>Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.</p> <p>Gains or losses on financial liabilities held for trading are recognised in the profit or loss.</p> <p>Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ loss are not subsequently transferred to Profit and Loss . However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Company has not designated any financial liability as at fair value through profit or loss.</p> <p>(b) Loans and borrowings</p> <p>After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized</p> <p>Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.</p> <p>(c) Financial guarantee contracts</p> <p>Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.</p> <p>(iii) Derecognition</p> <p>A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing</p>

	<p>financial liability is replaced by another, from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.</p> <p>(iv) Reclassification of financial assets</p> <p>The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model.</p>
2.05	<p>Cash flow statement</p> <p>Cash flows are reported using the indirect method, whereby profit /(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.</p>
2.06	<p>Revenue recognition</p> <p>Revenue is recognized when the Company satisfies the performance obligation by transferring the promised services to the customers. Services are considered as performed when the customer obtains control, whereby the customer gets the ability to direct the use of such services and substantially obtains all benefits from services. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Revenue is measured based on the transaction price which is the fair value of the consideration received or receivable, stated net of discounts, returns and taxes. Transaction price is recognised based on the price specified in the contract. Accumulated experience is used to estimate and provide for the discounts / right of return, using the expected value method.</p>
2.07	<p>Other income</p> <p>Interest income on fixed deposits from banks and wholly owned subsidiary are accounted on accrual basis and other interest income is accounted on receipt basis. Capital gains on sale of mutual funds is accounted on accrual basis</p>
2.08	<p>Property, Plant and Equipment (PPE)</p> <p>(i) Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment losses, if any. Such cost includes purchase price, borrowing cost and any cost directly attributable to bringing the assets to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.</p> <p>(ii) Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.</p> <p>(iii) When parts of an item of property, machinery and equipment's have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.</p> <p>(iv) Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.</p> <p>(v) Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as "stores & spares" forming part of the inventory.</p>

Note	Particulars
2.09	Intangible assets
(i)	Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.
(ii)	Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
(iii)	Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.
2.10	Capital Work in Progress
(i)	Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress. Such costs comprises purchase price of asset including import duties and nonrefundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
(ii)	Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under "Capital Works in Progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.
(iii)	Capital expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under "Capital work in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.
2.11	Depreciation and amortization
	Depreciation has been provided on the Written Down Value method as per the rates based on useful life as prescribed in 'Part C' of Schedule-II of the Companies Act 2013. Intangible assets are amortized on SLM basis over their estimated useful life's.
2.12	Inventories
	Inventories are valued at lower of cost and net realizable value based on FIFO Basis.
	The cost of inventory comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.
	The costs of purchase consist of the purchase price including duties and taxes, freight inwards and other expenditure directly attributable to the acquisition. Trade discounts, rebates, duty drawbacks and other similar items are deducted in determining the costs of purchase.
	The costs of conversion of inventories include costs of materials used on sites, direct labour, site expenses and production overheads.
	Other costs are included in the cost of inventories only to the extent they are incurred in bringing the inventories to the present location and condition
2.13	Work in Progress under Service Contracts
	Work in progress are valued at cost. The cost of inventories comprise all costs of purchase including duties and taxes (other than those subsequently recoverable from the taxing authorities), conversion cost, Salaries, Site expenses and other costs incurred in bringing the project to their present location and condition.
2.14	Foreign Currency Transactions
	Foreign transactions denominated in foreign currency are normally recorded at the exchange rate prevailing to at the time of transaction.

Note	Particulars
	<p>Monetary items denominated in foreign currency remaining unsold at the end of year are translated at the year end rate. On monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.</p> <p>The exchange differences for the period end balances are recorded at a group level and are reversed at the beginning of the next accounting period..</p> <p>Any income or expenditure on account of exchange rate difference either or unsold or on transaction is recognized in the Profit and Loss Account.</p>
2.15	<p>Forward and Options Contract in Foreign Currency</p> <p>The Company uses Foreign Exchange Forward and Options Contract to hedge its exposure to movements in Foreign Exchange Rates. The use of this Foreign Exchange and Options Contracts reduce the risk or cost to the Company and the company does not use those for trading or speculation purposes. Forward and options contracts are fair valued at each reporting date. The resultant gain or loss from these transactions are recognized in the Statement of Profit and Loss. Forward and Option Contracts are fair valued at each reporting date.</p>
2.16	<p>Employee benefits</p> <p>Short Term Employee Benefits</p> <p>The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by the employees are recognised as an expense during the year when the employees render the services.</p> <p>Post-Employment Benefits</p> <p>Defined Contribution Plan</p> <p>A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service</p> <p>Defined Benefit Plan</p> <p>The liability in respect of defined benefit plans and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees 'services.</p> <p>Re-measurement of defined benefit plans in respect of post-employment and other long term benefits are charged to the other Comprehensive Income.</p>
2.17	<p>Borrowing costs</p>
a.	<p>Borrowing costs, less any income on the temporary investment out of those borrowings, that are directly attributable to acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as a part of the cost of that asset.</p> <p>Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.</p>
b.	<p>Other borrowing costs are recognized as expense in the period in which they are incurred.</p>
2.18	<p>Segment reporting</p> <p>As per the definition of Business Segment and Geographical Segment contained in Accounting Standard 17 "Segment Reporting", the management is of the opinion that the Company's operation comprises telecom services to OEM's and operators and incidental activities thereto, there is neither more than one reportable business segment nor more than one reportable geographical segment, and, therefore, segment information as per Accounting Standard 17 is not required to be disclosed.</p> <p>In the event of issue of bonus shares, or share split the number of equity shares outstanding is increased without an increase in the resources. The number of Equity shares outstanding before the event is adjusted for the proportionate change in the number of equity shares outstanding as if the event had occurred at the beginning of the earliest period reported. Right shares issued during the year is considered while calculating EPS during the current period.</p>

Note	Particulars
2.19	Taxes on income
a.	<p>Current Tax: Provision is made for income tax, under the tax payable method, based on the liability as computed after taking credit for allowances, exemptions, and MAT credit entitlement for the year. Adjustments in books are made only after the completion of the assessment. In case of matters under appeal, due to disallowances or otherwise, full provision is made when the Company accepts the said liabilities.</p> <p>Taxes on income</p> <p>a. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The Company offsets current tax assets and current tax liabilities and presents the same net if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities.</p> <p>Deferred tax:</p> <p>b. Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit and thereafter a deferred tax asset or deferred tax liability is recorded for temporary differences, namely the differences that originate in one accounting period and reverse in another. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax asset is recognized only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Carrying value of deferred tax asset is adjusted for its appropriateness at each balance sheet date</p> <p>Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity</p> <p>The Company offsets and the deferred tax assets and deferred tax liabilities and presents the same net if the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.</p> <p>Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.</p>
2.20	<p>Earnings per share</p> <p>Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extraordinary items, if any) by the number of weighted average equity shares outstanding during the year.</p>
2.21	<p>Impairment of assets</p> <p>The Company assesses at each balance sheet date whether there is any indication that an asset or a group of assets (Cash Generating Unit) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset or a group of assets. If such recoverable amount of the asset or the recoverable amount of the Cash Generating Unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit & Loss. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.</p>
2.22	<p>Provisions contingent Liabilities and Contingent Assets</p> <p>Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate. Contingent liabilities are</p>

Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.</p>
<p>2.23</p>	<p>Leases</p> <p>"The Company has adopted Ind AS 116 on leases. The Company's lease asset classes primarily consist of leases for Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: "</p> <ul style="list-style-type: none"> (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. <p>At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.</p> <p>The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.</p> <p>The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.</p> <p>A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets</p> <p>Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.</p>

B

Fair Value Measurements (Ind AS 113):

The Management assessed that Cash and Cash Equivalents, Trade Receivable, Trade Payable, Other Current financial assets and other current financial liabilities approximate their carrying amounts largely due to the Short-Term maturities of these instruments.

The Fair value of the other financial asset and liabilities is included at the amount at which the instrument could be exchanged in a Current transaction between willing parties other than forced or Liquidation sale. The following methods and assumptions were used to estimate the fair value:-

1) The Fair value of Loans from Banks, other non-current financial assets and other non-current liabilities is estimated by discounting future Cash flows using rates currently available for debt or similar items, Credit Risk and remaining maturities. The Valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the Table below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

2) Fair Value hierarchy

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:-

Level 1: Quoted (Unadjusted) prices in active markets for identical assets or Liabilities

Level 2: Other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Quantitative disclosure of Fair Value measurement hierarchy for asset as on March 31, 2022

Note 54

Financial risk management Objectives and Policies

The company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade and other receivables and cash and cash equivalents that are derived directly from its operations.

The Company's financial risk management is an internal part of how to plan and execute its business strategies. The company is exposed to market risk, credit risk and liquidity risk.

The company senior management oversees the management of these risks. The senior Professionals working to manage the financial risks and the appropriate financial risk governance framework for the company are accountable to the Board of Directors and Audit Committee. This process provided assurance the Company's senior management that the Company's financial risk-taking activities are governed by appropriate policies and procedures and that financial risk are identified, measured and managed in accordance with Company policies and Company risk objectives. In the event of crises caused due to external factors such as caused by recent pandemic "COVID 19" the management assesses the recoverability of its assets, maturity of its liabilities to factor it in cash flow forecast to ensure there is enough liquidity in these situations through internal and external source of funds. These forecast and assumptions are reviewed by board of directors.

"The Board of Directors reviews and agrees policies for managing each of these risks which are summarized as below - Foreign Exchange Risk - Interest Rate Risk - Credit risk - Liquidity risk and -Market risk"

I

Risk management framework

"The Company's board of directors has overall responsibility for establishment and Oversight of the company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the Mechanism of property defined framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by the board annually to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations."

II

Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers. The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The management impact analysis shows credit risk and impact assessment as low.

a

Trade and other receivable

"The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The company management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the Directors of the company. About 80% of the Company's customers have been transacting with the company for over Five to Ten years, and no significant impairment loss has been recognized against those customers. In monitoring customer credit risk, Customers are reviewed according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry and existence of previous financial difficulties. The company establishes an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables. The carrying amount (net of loss allowances Rs Nil) of trade receivables is Rs. 1136.40/- (31st March, 2021 Rs. 845.91/-) During the year, the Company has made minor write-offs of trade receivables; it does not expect to receive future cash flows or recoveries from collection of cash flows previously written off. The Company management also pursues all legal option for recovery of dues wherever necessary based on its internal assessment."

iii

Liquidity risk

"Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected future cash flows. This is generally carried out and monitored through registered office of the Company in accordance with practice and limits set by the Company. "

Market risk

"Market risk is the risk that the Fair value of future cash flow of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: Currency rate risk, Interest Risk and other price risk, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis excludes the impact of movements in market variables on the carrying values of non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss items and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2022 and March 31, 2021."

THE MEMBERS OF
UNIINFO TELECOM SERVICES LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of **Uniinfo Telecom Services Limited** (the "Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as the "Group") which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial information of subsidiaries, referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, and their consolidated Loss, their consolidated total comprehensive Loss, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act ("SA"s). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report.

We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current financial year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

The Key Audit matters

Accuracy of Revenues Recognition and estimation of Work-in-progress in respect of onerous obligation on service contracts involves significant judgment:

The company is engaged in rendering Contractual technical services relating to Network optimisation, Network planning, drive test, survey services etc. to OEM's and Telecom operators. Such contractual services are complex to determine revenues and liability for onerous obligation. The recognition of Revenue and the estimation of the outcome of service contracts require significant management judgment, in particular with respect to estimation the cost to complete and the amount of variation orders to be recognized.

At the year -end a significant amount of Work in progress (Contract assets and Liabilities) related to these contracts is recognized on the balance sheet date.

We identified the Work-in-progress estimation under various contracts as a Key Audit Matter because of the significant judgment involved in estimating the Work-in-Progress of such contracts.

This estimate has high inherent uncertainties and requires consideration of progress of the contract, efforts incurred to date and estimates of efforts required to complete the remaining contract performance and obligations over the lives of the contract.

This required high degree of Auditor Judgment in evaluating the audit evidence supporting the application of the input method used to recognize the revenue and higher extent of audit effort to evaluate the reasonableness of the total estimated amount of revenue recognized on such contracts.

Refer Notes 2.07 and 2.15 to the Consolidate Financial Statements.

How our Audit Addressed the Key Audit Matter:

Our audit approach was a combination of test of internal controls and substantive procedures which included the following:

- Evaluated the design of internal controls relating to recording of efforts incurred and estimation of efforts required to complete the performance obligations.
- Tested the controls that the company has put in place over its process to record service contract costs and contract revenues and the calculation of the stage of completion.
- Selected a sample of service contracts and through inspection of evidence of performance of these controls, tested the operating effectiveness of the internal controls relating to efforts incurred and estimated.
- Assessed the appropriateness of Work-in progress (Contract assets) on balance sheet by evaluating the underlying documentation to identify possible delays in achieving milestones which may require change in estimated costs to complete the remaining performance obligations

Information Other than the Financial Statements and Auditor's Report Thereon

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by the other auditors.

If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with Ind AS and other accounting principles generally accepted in India.

The respective Boards of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making Judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Boards of Directors of the companies included in the Group and of are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial information of 03 subsidiaries, whose financial information reflects total assets of Rs.24.35 Lakhs as at March 31, 2022, total revenues of Rs 198.5 Lakhs, total net Loss of Rs 137.22 Lakhs, total comprehensive Loss (net) of Rs 137.22 Lakhs and net cash outflows amounting to Rs 37.35 Lakhs for the year ended March 31, 2022, as considered in the consolidated financial statements.

These financial statements of the subsidiary companies have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statement in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the other auditors.

Further of the subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in that respective country and which have been audited by other auditor under generally accepted auditing standards applicable in that respective country. The Holding company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in that respective country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding company's management our opinion in so far as relates to the balances and affairs of such subsidiary located outside India is based on the report of other auditor and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion on the consolidated financial statement is not modified in respect of our report on other legal and regulatory requirements stated below with respect to our reliance on the work done and the reports of the other auditors and the financial statements and other financial information certified by the Management.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

ANNEXURE "A" TO THE INDEPENDENT AUDITORS REPORT

(Referred to in paragraph "(f)" under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of UNIINFO TELECOM SERVICES LIMITED (hereinafter referred to as "Parent")

Management's Responsibility for Internal Financial Controls

The respective Boards of Directors of the Parent are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued ICAI and the Standards on Auditing ("SA"), prescribed under Section 143(10) of the Companies Act, 2013 (the "Act"), to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control

over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial controls over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note.

"</p>
2.01	<p>Basis of Preparation and Presentation</p> <p>First Time Adoption of INDAS</p> <p>The Consolidate financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:-</p> <p>a Certain financial assets and liabilities (including derivative instruments) and</p> <p>b Defined benefit plans - plan assets</p> <p>The financial statements of the Group have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013. Upto the year ended 31st March 2019, the Company has prepared its financial statements in accordance with the requirement of Indian Generally Accepted Accounting Principles (GAAP), which include Standards notified under the Companies (Accounting Standards) Rules, 2006 and considered as "Previous GAAP". These financial statements are the Group`s first Ind AS Consolidate financial statements. Company`s financial statements are presented in Indian Rupees (INR), which is also its functional currency.</p> <p>Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Parent Company has applied the following exemptions:</p> <p>Deemed cost of Property, Plant and Equipment, Intangible Assets and Investment Property:</p> <p>Ind AS 101 allows a first time adopter to continue with the previous GAAP carrying value for all its Property, Plant and Equipment, Intangible Assets and Investment Property as recognised in its previous GAAP financials on the date of transition. Accordingly, the Parent Company has opted for this exemption and decided to carry its PPE,Intangible assets and Investment Property at Carrying value as per Indian GAAP on the date of transition i.e. 1 April, 2019.</p>
2.02	<p>Use of estimates</p> <p>"The preparation of the financial statements in conformity with IND AS requires the management to make judgments, estimates and assumptions that attend the accounting policies, reported balances of assets and liabilities (including contingent liabilities) and the reported amounts of income and expenses during the period of financial statement. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known/materialize. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.The preparation of consolidated financial statements requires the use of accounting estimates which may significantly vary from the actual results. Management also needs to exercise judgment while applying the group's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed."</p>

UNIINFO TELECOM SERVICES LIMITED
Notes forming part of the financial statements

Note	Particulars
2.03	<p>Principle of Consolidation and Equity Accounting</p> <p>"Subsidiaries are entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. The Group combines the financial statement of the subsidiaries line by line adding together like items of assets, liabilities, equity, income, and expenses. Inter Group transactions, balances and unrealized gains on transactions between companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group. The consolidated financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) 110 – 'Consolidated Financial Statements' and Indian Accounting Standard (Ind AS) 28 – 'Investments in Associates and Joint Ventures.'"</p>
2.04	<p>Cash and cash equivalents</p> <p>Cash comprises cash on hand, demand deposits with banks, Mutual Funds. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.</p>
2.05	<p>Financial instruments</p> <p>A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.</p>
(i)	<p>Financial assets</p> <p>(i) Initial recognition and measurement</p> <p>All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss are adjusted to the fair value on initial recognition. Purchase and sale of financial asset are recognised using trade date accounting i.e. the date that the Group commits to purchase or sell the asset.</p> <p>(ii) Subsequent measurement</p> <p>(a) Financial Assets carried at amortised cost (AC)</p> <p>A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect the contractual cash flows and the contractual terms of the financial asset give rise on the specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.</p> <p>After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category applies to Trade and other receivables, Security deposits, Other advance, Loan and advances to related parties, Unbilled Income, Interest Receivable etc.</p> <p>(b) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)</p> <p>A financial asset is subsequently measured at Fair Value through other Comprehensive Income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.</p> <p>The Group does not have any financial assets which are fair valued through Other Comprehensive Income (FVTOCI).</p> <p>(c) Financial Assets at Fair Value through profit or loss (FVTPL)</p> <p>A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss</p> <p>(iii) Equity investments</p> <p>All equity investments other than investment in Subsidiaries and Associates are measured at fair value, with value changes recognised in Statement of Profit and loss except for those equity investments for which the Group has elected to present the value changes in 'other comprehensive income'</p>

UNIINFO TELECOM SERVICES LIMITED
Notes forming part of the financial statements

Note	Particulars
	<p>The Group does not have any equity investments which are fair value through Other Comprehensive Income (FVTOCI)</p> <p>The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.</p> <p>(iv) Derecognition</p> <p>A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:</p> <p>The rights to receive cash flows from the asset have expired, or</p> <p>The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset</p> <p>(v) Impairment of financial assets</p> <p>The Company assesses impairment based on expected credit loss (ECL) model to the following</p> <p>Financial assets at amortised cost</p> <p>Financial assets measured at fair value through Profit or Loss Account</p> <p>The Group follows simplified approach for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risks. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.</p> <p>The Group uses historical cost experience to determine the impairment loss allowance on the portfolio of trade receivables. At every reporting date, the historically observed default rates are updated and changes in the forward looking estimates are analysed</p> <p>For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Group reverts to recognising impairment loss allowance based on 12-month ECL</p>
B	<p>Financial liabilities</p> <p>(i) Initial recognition and measurement</p> <p>Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.</p> <p>All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.</p> <p>The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.</p> <p>(ii) Subsequent measurement</p> <p>The measurement of financial liabilities depends on their classification, as described below:</p> <p>(a) Financial liabilities at fair value through profit or loss</p> <p>Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.</p> <p>Gains or losses on financial liabilities held for trading are recognised in the profit or loss.</p> <p>Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ loss are not subsequently transferred to Profit and Loss . However, the</p>

	<p>Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss. The Group has not designated any financial liability as at fair value through profit or loss.</p> <p>(b) Loans and borrowings</p> <p>After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized</p> <p>Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.</p> <p>(c) Financial guarantee contracts</p> <p>Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.</p> <p>(iii) Derecognition</p> <p>A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another, from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.</p> <p>(iv) Reclassification of financial assets</p> <p>The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model.</p>
2.06	<p>Cash flow statement</p> <p>Cash flows are reported using the indirect method, whereby profit /(loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.</p>
2.07	<p>Revenue recognition</p> <p>Revenue is recognized when the Group satisfies the performance obligation by transferring the promised services to the customers. Services are considered as performed when the customer obtains control, whereby the customer gets the ability to direct the use of such services and substantially obtains all benefits from services. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Revenue is measured based on the transaction price which is the fair value of the consideration received or receivable, stated net of discounts, returns and taxes. Transaction price is recognised based on the price specified in the contract. Accumulated experience is used to estimate and provide for the discounts / right of return, using the expected value method.</p>
2.08	<p>Other income</p> <p>Interest income on fixed deposits from banks and wholly owned subsidiary are accounted on accrual basis and other interest income is accounted on receipt basis. Capital gains on sale of mutual funds is accounted on accrual basis</p>

(ii)	Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably. In the carrying amount of an item of PPE, the cost of replacing the part of such an item is recognized when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognized in accordance with the derecognition principles.
(iii)	When parts of an item of property, machinery and equipment's have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.
(iv)	Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.
(v)	Spare parts procured along with the Plant & Machinery or subsequently which meet the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as "stores & spares" forming part of the inventory.
2.10	Intangible assets
(i)	Intangible Assets are stated at cost of acquisition net of recoverable taxes, trade discount and rebates less accumulated amortization /depletion and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.
(ii)	Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.
(iii)	Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.
2.11	Capital Work in Progress
(i)	Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress. Such costs comprises purchase price of asset including import duties and nonrefundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.
(ii)	Cost directly attributable to projects under construction include costs of employee benefits, expenditure in relation to survey and investigation activities of the projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, professional fees, expenditure on maintenance and up-gradation etc. of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs if attributable to construction of projects. Such costs are accumulated under "Capital Works in Progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects.
(iii)	Capital expenditure incurred for creation of facilities, over which the Group does not have control but the creation of which is essential principally for construction of the project is capitalized and carried under "Capital work in progress" and subsequently allocated on systematic basis over major assets, other than land and infrastructure facilities, on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to Statement of Profit and Loss.
2.12	Right of Use Assets: Right of Use assets are fully depreciated from the lease commencement date on a straight line basis over the lease term.
2.13	Depreciation and amortization Depreciation has been provided on the Written Down Value method as per the rates based on useful life as prescribed in 'Part C' of Schedule-II of the Companies Act 2013. Intangible assets are amortized on SLM basis over their estimated useful life's.

2.14 Inventories	<p>Inventories are valued at lower of cost and net realizable value based on FIFO Basis.</p> <p>The cost of inventory comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.</p> <p>The costs of purchase consist of the purchase price including duties and taxes, freight inwards and other expenditure directly attributable to the acquisition. Trade discounts, rebates, duty drawbacks and other similar items are deducted in determining the costs of purchase.</p> <p>The costs of conversion of inventories include costs of materials used on sites, direct labour, site expenses and production overheads.</p> <p>Other costs are included in the cost of inventories only to the extent they are incurred in bringing the inventories to the present location and condition</p>
2.15 Work in Progress under Service Contracts	<p>Work in progress are valued at cost. The cost of inventories comprise all costs of purchase including duties and taxes (other than those subsequently recoverable from the taxing authorities), conversion cost, Salaries, Site expenses and other costs incurred in bringing the project to their present location and condition.</p>
2.16 Foreign Currency Transactions	<p>Foreign transactions denominated in foreign currency are normally recorded at the exchange rate prevailing to at the time of transaction.</p> <p>Monetary items denominated in foreign currency remaining unsold at the end of year are translated at the year end rate. On monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.</p> <p>The exchange differences for the period end balances are recorded at a group level and are reversed at the beginning of the next accounting period..</p> <p>Any income or expenditure on account of exchange rate difference either or unsold or on transaction is recognized in the Profit and Loss Account.</p>
2.17 Forward and Options Contract in Foreign Currency	<p>The Group uses Foreign Exchange Forward and Options Contract to hedge its exposure to movements in Foreign Exchange Rates. The use of this Foreign Exchange and Options Contracts reduce the risk or cost to the Group and the Group does not use those for trading or speculation purposes. Forward and options contracts are fair valued at each reporting date. The resultant gain or loss from these transactions are recognized in the Statement of Profit and Loss. Forward and Option Contracts are fair valued at each reporting date.</p>
2.18 Foreign Group Companies	<p>The results and Financial position of foreign operations (none of which has the currency of a hyper inflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:</p> <p>(i) Assets and liabilities are translated at closing rate at the date of that balance sheet.</p> <p>(ii) Income and expenses are translated at closing rate at the date of that balance sheet (unless this is not the reasonable approximation of the cumulative effect of the rates prevailing on the transaction date in which case income and expenses are translated at the date of transactions)</p>
2.19 Employee benefits	<p>Short Term Employee Benefits</p> <p>The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by the employees are recognised as an expense during the year when the employees render the services.</p> <p>Post-Employment Benefits</p> <p>Defined Contribution Plan</p> <p>A defined contribution plan is a post-employment benefit plan under which the Group pays specified contributions to a separate entity. The Group makes specified monthly contributions towards Provident Fund, Pension Scheme. The Group's contribution is recognised</p>

2.20	Borrowing costs
a.	<p>Borrowing costs, less any income on the temporary investment out of those borrowings, that are directly attributable to acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as a part of the cost of that asset.</p> <p>Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.</p>
b.	Other borrowing costs are recognized as expense in the period in which they are incurred.
2.21	Segment reporting
	<p>As per the definition of Business Segment and Geographical Segment contained in Accounting Standard 17 "Segment Reporting", the management is of the opinion that the Group's operation comprises telecom services to OEM's and operators and incidental activities thereto, there is neither more than one reportable business segment nor more than one reportable geographical segment, and, therefore, segment information as per Accounting Standard 17 is not required to be disclosed.</p>
2.22	Taxes on income
a.	<p>Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The Group offsets current tax assets and current tax liabilities and presents the same net if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities.</p> <p>Deferred tax:</p>
b.	<p>Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit and thereafter a deferred tax asset or deferred tax liability is recorded for temporary differences, namely the differences that originate in one accounting period and reverse in another. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax asset is recognized only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Carrying value of deferred tax asset is adjusted for its appropriateness at each balance sheet date</p> <p>Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity</p> <p>The Group offsets and the deferred tax assets and deferred tax liabilities and presents the same net if the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.</p>
c	<p>Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Group reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Group will pay normal income tax during the specified period.</p>

Note	Particulars
2.23	<p>Earnings per share</p> <p>Basic earnings per share is computed by dividing the profit/(loss) after tax (including the post tax effect of extraordinary items, if any) by the number of weighted average equity shares outstanding during the year.</p>
2.24	<p>Impairment of assets</p> <p>The Group assesses at each balance sheet date whether there is any indication that an asset or a group of assets (Cash Generating Unit) may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset or a group of assets. If such recoverable amount of the asset or the recoverable amount of the Cash Generating Unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit & Loss. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost.</p>
2.25	<p>Provisions contingent Liabilities and Contingent Assets</p> <p>Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.</p>
2.26	<p>Leases</p> <p>"The Group has adopted Ind AS 116 on leases. The Group's lease asset classes primarily consist of leases for Buildings. The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: "</p> <ul style="list-style-type: none"> (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset. <p>At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.</p> <p>The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.</p> <p>The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.</p>

B Fair Value Measurements (Ind AS 113):

The Management assessed that Cash and Cash Equivalents, Trade Receivable, Trade Payable, Other Current financial assets and other current financial liabilities approximate their carrying amounts largely due to the Short-Term maturities of these instruments.

The Fair value of the other financial asset and liabilities is included at the amount at which the instrument could be exchanged in a Current transaction between willing parties other than forced or Liquidation sale. The following methods and assumptions were used to estimate the fair value:-

1) The Fair value of Loans from Banks, other non-current financial assets and other non-current liabilities is estimated by discounting future Cash flows using rates currently available for debt or similar items, Credit Risk and remaining maturities. The Valuation requires management to use unobservable inputs in the model, of which the significant unobservable inputs are disclosed in the Table below. Management regularly assesses a range of reasonably possible alternatives for those significant unobservable inputs and determines their impact on the total fair value.

2) Fair Value hierarchyThe company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (Unadjusted) prices in active markets for identical assets or Liabilities

Level 2: Other techniques for which all inputs that have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: Techniques that use inputs that have a significant effect on the recorded fair value that are not based on observable market data

Quantitative disclosure of Fair Value measurement hierarchy for asset as on March 31, 2022

I	Risk management framework				

UNIINFO TELECOM SERVICES LIMITED
Notes forming part of the financial statements

"The Company's board of directors has overall responsibility for establishment and Oversight of the company's risk management framework. The board of directors has established the processes to ensure that executive management controls risks through the Mechanism of property defined framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by the board annually to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations."

II Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers. The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The management impact analysis shows credit risk and impact assessment as low.

a Trade and other receivable

"The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The company management has established a credit policy under which each new customer is analyzed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the Directors of the company. About 80% of the Company's customers have been transacting with the company for over Five to Ten years, and no significant impairment loss has been recognized against those customers. In monitoring customer credit risk, Customers are reviewed according to their credit characteristics, including whether they are an individual or a legal entity, their geographic location, industry and existence of previous financial difficulties. The company establishes an allowance for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables. The carrying amount (net of loss allowances Rs Nil) of trade receivables is Rs. 1141.91/- (31st March, 2021 Rs. 872.69/-) During the year, the Company has made minor write-offs of trade receivables; it does not expect to receive future cash flows or recoveries from collection of cash flows previously written off. The Company management also pursues all legal option for recovery of dues wherever necessary based on its internal assessment."

iii Liquidity risk

"Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Prudent liquidity risk management implies maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected future cash flows. This is generally carried out and monitored through registered office of the Company in accordance with practice and limits set by the Company."

a Financing arrangements

The company had access to the following undrawn borrowing facilities at the end of the reporting period.

	"Market risk is the risk that the Fair value of future cash flow of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: Currency rate risk, Interest Risk and other price risk, such as equity price risk and commodity price risk. Financial instruments affected by market risks include loans and borrowings, deposits, investments and foreign currency receivables and payables. The sensitivity analysis in the following sections relate to the position as at reporting date. The analysis excludes the impact of movements in market variables on the carrying values of non-financial assets and liabilities. The sensitivity of the relevant Profit and Loss items and equity is the effect of the assumed changes in the respective market risks. This is based on the financial assets and financial liabilities held as of March 31, 2022 and March 31, 2021."				
VII	Currency risk				
	"The company is exposed to foreign exchange risk arising currency transaction, primarily with respect to the THB and small exposure in QAR. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company’s functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows. Currency risks related to the principal amounts of the Company’s foreign currency receivables and payables, taken by the Company."

IX

Interest rate risk

"The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During year ended 31 march 2022 and 31 march 2021, the Company's borrowings at variable rate were denominated in INR. Currently the Company's borrowings are within acceptable risk levels, as determined by the management; hence the company has not taken any swaps to hedge the interest rate risk. The Company constantly monitors the credit markets and revisits its financing strategies to achieve an optimal maturity profile and financing cost."

X

Capital management

"The primary objective of the management of the Company's capital structure is to maintain an efficient mix of debt and equity in order to achieve a low cost of capital, while taking into account the desirability of retaining financial flexibility to purpose the board of directors regularly review the Company's capital structure in light of the economic conditions, business strategies and future commitments. For the purpose of the company's capital management, capital includes issued share capital, Preference shares capital and all other equity reserves. No significant changes were made in the objectives, policies or processes relating to the management of the company's capital structure except for budgeting for cash flow projections considering the impact of ongoing pandemic COVID - 19. The Company monitors capital on basis of total equity and debt on a periodic basis. Equity comprises all components of equity including the fair value impact.
